“ Today my heart is heavy. I was just made aware of your passing Vicky. Although you may have never realized it, I was inspired by you. You were one of the first people I connected with when I moved to Louisville and began working at UofL's daycare center- through their work study program. What a joy it was to work in your classroom! I thought working with you was going to surely confuse the kids though! You- Vicky #1; another Vicki- #2; and me- Vikky #3...rounding out the trio! - LOL! I remember your smile as you encouraged your kids. I remember the way you firmly but lovingly corrected them, and then moved on with the lesson at hand. I remember how your conversations with the kids would be at their eye level. All those gestures made your kids feel you cared for them. Although time and distance didn't allow us to stay connected, I have never forgotten you. And isn't that what it's all about?...leaving a memorable impression? To Vicky's family: I know it's not lost on you what a loving family member Vicky was to you. I pray for your comfort, as I know she is surely missed by all of you. In Christ Love, Victoria (aka - Vikky#3) S. Culberson
