“ I worked with Vinnie the 1st year I as at Jefferson Co HS. She had just bought a 2-seater car. She said she could take one grandchild at a time! She always had a quick wit and was always compassionate to the students. Thanks for all the support you gave me)that year especially). It was a blessing to know you.

“ I met Vinnie in the fall of 1992 when I became her teaching assistant at JCHS. I learned so much from this loving and caring lady. Her sense of how to reach each of her students was awe inspiring. The three things I remember most about Vinnie are her selfless care and love for her students, her ability to motivate her students and especially her infectious laugh!! Love you my friend.
