“ After my cousin, Dirty Wayne died, Dino shared pictures and stories with my Aunt, Edith Winn of my cousin which provided much needed comfort to my Aunt. They talked all the time and he really helped her with his memories and pictures on his phone that he shared with her about him and Dirty Wayne as she was and still grieving the loss of her son last summer. I just wanted Dino's family to know how much Dino will be missed by Edith Winn and her family and thank you Dino for looking after my Aunt.
