“ My sister. Who I'll be missing to wake up to be waiting for each other to chat at her lunch time, 2:31 after her work, 6pm after she got the kids settled. 9pm before she went to sleep to get ready for work. Saturday all day talking about everything under the sun. Then Sunday her shutdown to her iron clothes for the week including the house hold. My only sister who corrected me when I was wrong and share many personal issues including Mine's . I don't know how I can live without you. We were bonded like super glue. You understood me. I already have pictures of you all over house and Albums. Now I got even a bigger picture in my Hall way to look at you for the rest of my life. I try to be that Brother I was call for to be.
